

"Learning @ RENware" catalog

Welcome to **Learning @ RENware** platform. This platform is a **knowledge base** and a **digital library** for all people that want to self study and expanding their knowledge by studying more practical things.

Here you'll find resources to "self-learn" as:

- articles
- books
- full courses
- training plans & paths
- "shorts" presentations used in real trainings, courses and "what I have learned" group meetings
- and other things written as consequence of working process, doing things and sharing knowledge...
